

Date : 17 July 2014

Durban Green Corridor offers 15% off any activities for the business traveller in possession of this voucher.

Why not squeeze something a little different into your trip to Durban? Think beyond the conference, and even 'beyond the beach', and take some time to enjoy the natural beauty of the uMngeni River Valley.

Durban Green Corridor offers leisure, adventure and eco-tourism activities at a number of stunning sites of natural beauty which will make a welcome break from the hustle and bustle of business.

Visit the Green Hub, located at Blue Lagoon on the river estuary where you can rent a bike to ride along the promenade, walk the boardwalk through the mangroves or if you are feeling more adventurous enjoy the mountain bike/hiking trails up the river. You can also do some paddling by hiring a canoe. A great option for some team building or just a welcome break from work.

If you have the time to go a little further up the valley you will be rewarded with breath-taking scenery no more than 45 minutes away. You can enjoy the natural beauty of Inanda Dam where you can also hire canoes, nature walk and mountain bike or simply take a picnic and relax for an hour or two by the water's edge.

At iSithuma, in the Valley of 1000 Hills you can experience a traditional Zulu village thanks to local trained guides as well as taking walks and biking.

Durban Green Corridor can create packages to suit your individual or company needs which fit within your busy work schedule on your visit to Durban.

The Durban Green Corridor programme integrates nature rehabilitation, conservation and environmental awareness, youth development and local economic growth through

adventure sport and eco-tourism within the uMngeni River Valley. Help us to create pathways for local people.
